

BURDENMASTER

EE Approved Electric Truck

EE

MODEL	B-210 EE	
TYPE	Electric	
SPEED (MAX MPH)	10.5	16.9 kmph
RANGE (MILES)	24	38.6 km
LOAD CAPACITY (lbs)	2,000	907 kg
TOWING CAPACITY (lbs)	8,400	3810 kg
BED SIZE (W"xL")	43"x75"	109 cm x 190 cm
VOLTAGE	36	
TURNING RADIUS (INCHES)	125"	312 cm

Tough and Dependable Product Solutions

The Burdenmaster EE approved truck is designed to provide a cost effective solution when required to operate in areas such as refineries and chemical plants, in compliance to safety regulations as directed by OSHA.

Lower maintenance and operating costs are realized by utilizing a battery powered vehicle to perform the functions of a burden carrier, personnel carrier, or for towing.

The Burdenmaster EE truck is equipped with a 36 volt electric drive system that incorporates an automotive differential to provides years of reliable service. Other standard features are a battery discharge indicator, dual headlights, taillights, horn, and hydraulic disc brakes.

Taylor-Dunn manufactures industrial vehicles in conformance with OSHA requirements 1910.178 and ANSI B56.8 requirements.

Additionally, the Taylor-Dunn Burdenmaster EE approved truck is manufactured in compliance with the directive by Underwriters Laboratories Inc. as stated in the Standard for Safety for electric battery powered industrial trucks UL 583.

Many accessories, such as steel cabs, doors, stake sides, secured enclosed tool boxes, or 4 or 6 passenger configurations are also available to enable you to configure the Burdenmaster EE truck to meet your specific requirements.

With more than 160,000 vehicles in service and over 55 years experience in providing solutions to our customers, *Taylor-Dunn products are proven to be the best way to go about your business.*

Charger	25 amp, 36 volt automatic charger (portable)
Input Voltage Requirements	110 volt, 60Hz
Conformance Standards	Type EE OSHA requirements 1910.178, ANSI B56.8 requirements

Based on standard configuration. Some vehicles may be shown with optional equipment.

OPTIONAL FEATURES

Charger

- Portable 40 amp charger 110v/220v

Accessories

- Strobe light, amber - on pole, or top of cab
- Reverse alarm
- Directional signals
- Hour meter
- Seat brake

Deck

- Stake sides, removable end gate, 14" high
- Steel sides and end gates, fold down
- Steel panel cargo box

Battery Compartment

- 244 a.h. batteries

Hitches

- Hitch automatic coupling, trailer
- Hitch pintle trailer
- Hitch 1-7/8" ball and bracket

Brakes

- Front wheel hydraulic

Cab

- Steel cab with safety glass window
- Metal doors with sliding safety glass window
- Windshield wiper for cab
- Mirrors - left, right and rear

Top Frames

- Fiberglass or surrey top cover with tubular frame

Frame

- Fixed seating 4-6 passengers

Color

- Special paint color
- Undercoating

Electruck

Maintenance Expediter
