

# R60 Release Fabric

## ■ Product description

R60 is an excellent porous Nylon peel ply or release fabric, is our tightest weave nylon peel ply that produces a "fine" texture. It has been heat scoured and stabilized at high temperature.

R60 is free of any release agent or pollution and can be used directly on the surface of the part.

R60 and generally Nylon peel ply should not be used on phenolic resin. Make a trial or call our technical team for further advice.

## ■ Characteristic
